George Rogers Clark Historic Park offers a personal outdoor experience for every visitor. Bring the family for a picnic by the water or in the shade of a 300-year-old beech-maple forest. Hike nature trails through 240 acres of green meadows and abundant wildflowers, scenic waterways, and bird, deer, and turtle habitats. All ages can fish without a license at Hosterman Lake or take a non-motorized boat out for a relaxing trip across the water. This park offers reservable picnic shelters, nature walks, fishing, and historical sites.

**Contact Information:**
- Park District: 937-882-6000
- Emergency: 911
